# 3 - Insights

## General Insights, e.g. School

- High School: Was not that difficult to get really good grades.
- College: now realize my small high school was not a top school

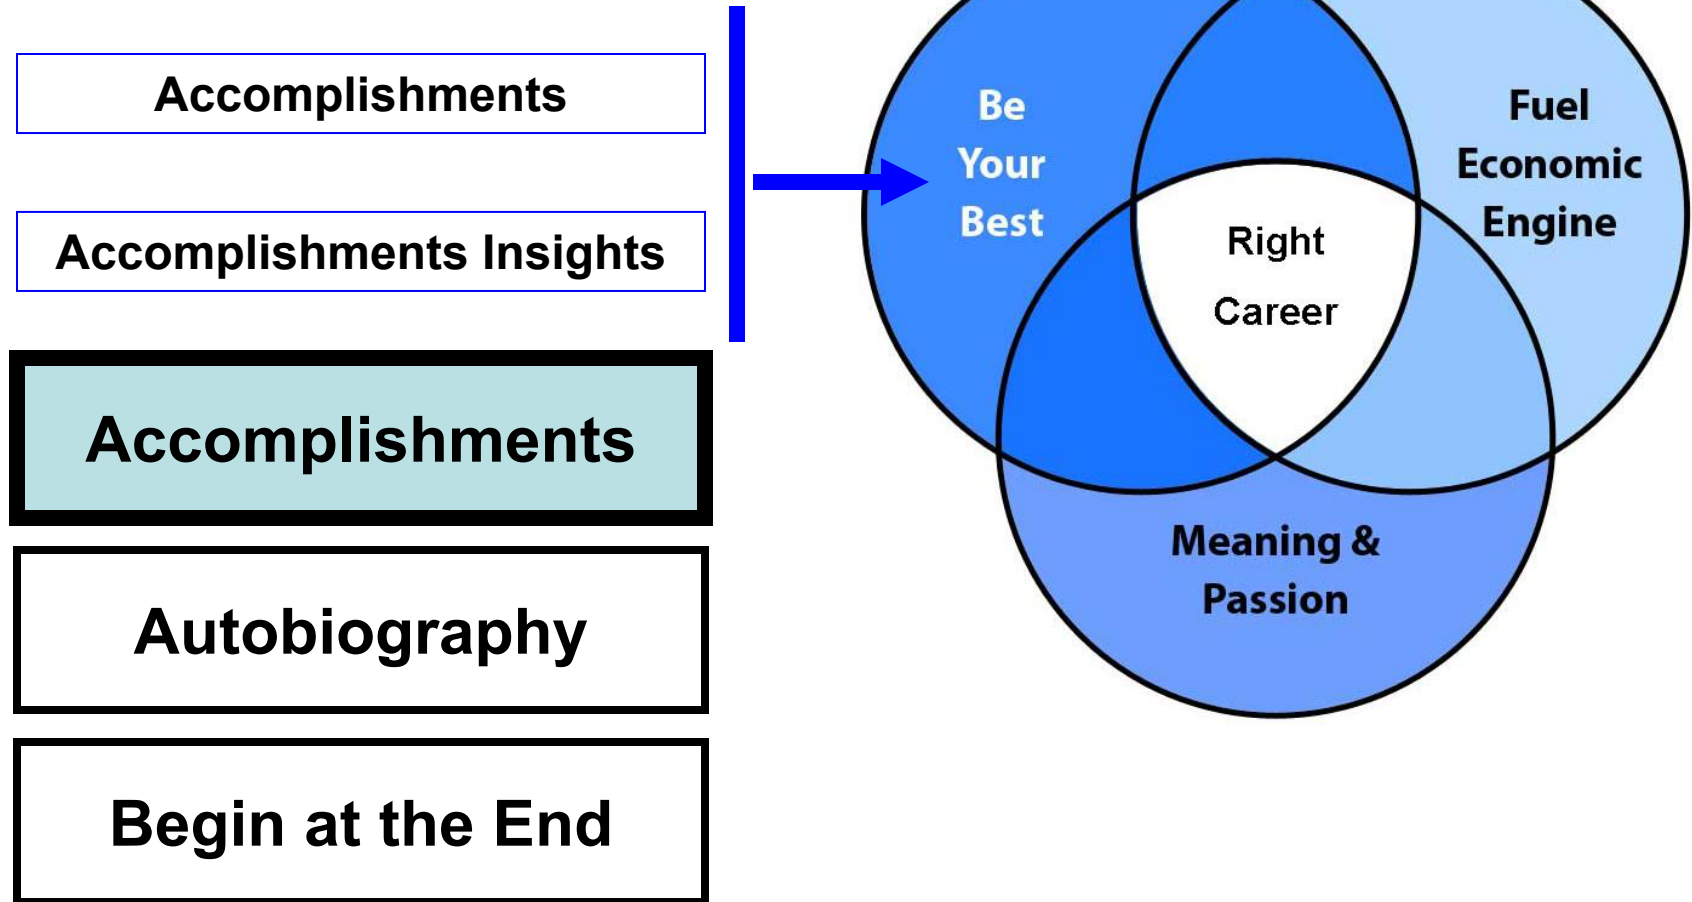

## Really Liked Insights, e.g. Leadership

- High School: People chose me or gave me leadership positions
- College: I created it, I ran for it or it came with the job

## Didn't Like, e.g. being apprentice electrician

- Half Empty: not practical, would be average, compared to my dad
- Half Full: learned about running a business, learned trade

# 4 - Add to Your MyRC Insights

## Natural Strengths & Personality

- Middle School: **became attracted to writing**
- High School: doing journalism made me see that **I was a natural writer** and I could pursue that as a career.

- Elementary School: made multiple best friends, who I am still friends with today. This shows that **I can maintain friendships over a long period of time**

taking math and science courses, which were really hard for me, but I still graduated with a 3.55 GPA. This shows that **if I work really hard at something I can still do well in life**
