Winning State Baseball Championship (after finishing 4th in 7th)

Didn't Enjoy Doing

COLLEGE

Election to Tau Beta Pi engineering society (i.e. engineering school)

HIGH SCHOOL

Hired to coach the town Little League team (1st non parent)
Four summers working as an apprentice electrician/plumber

3 - Insights

General Insights, e.g. School

- High School: Was not that difficult to get really good grades.
- College: now realize my small high school was not a top school

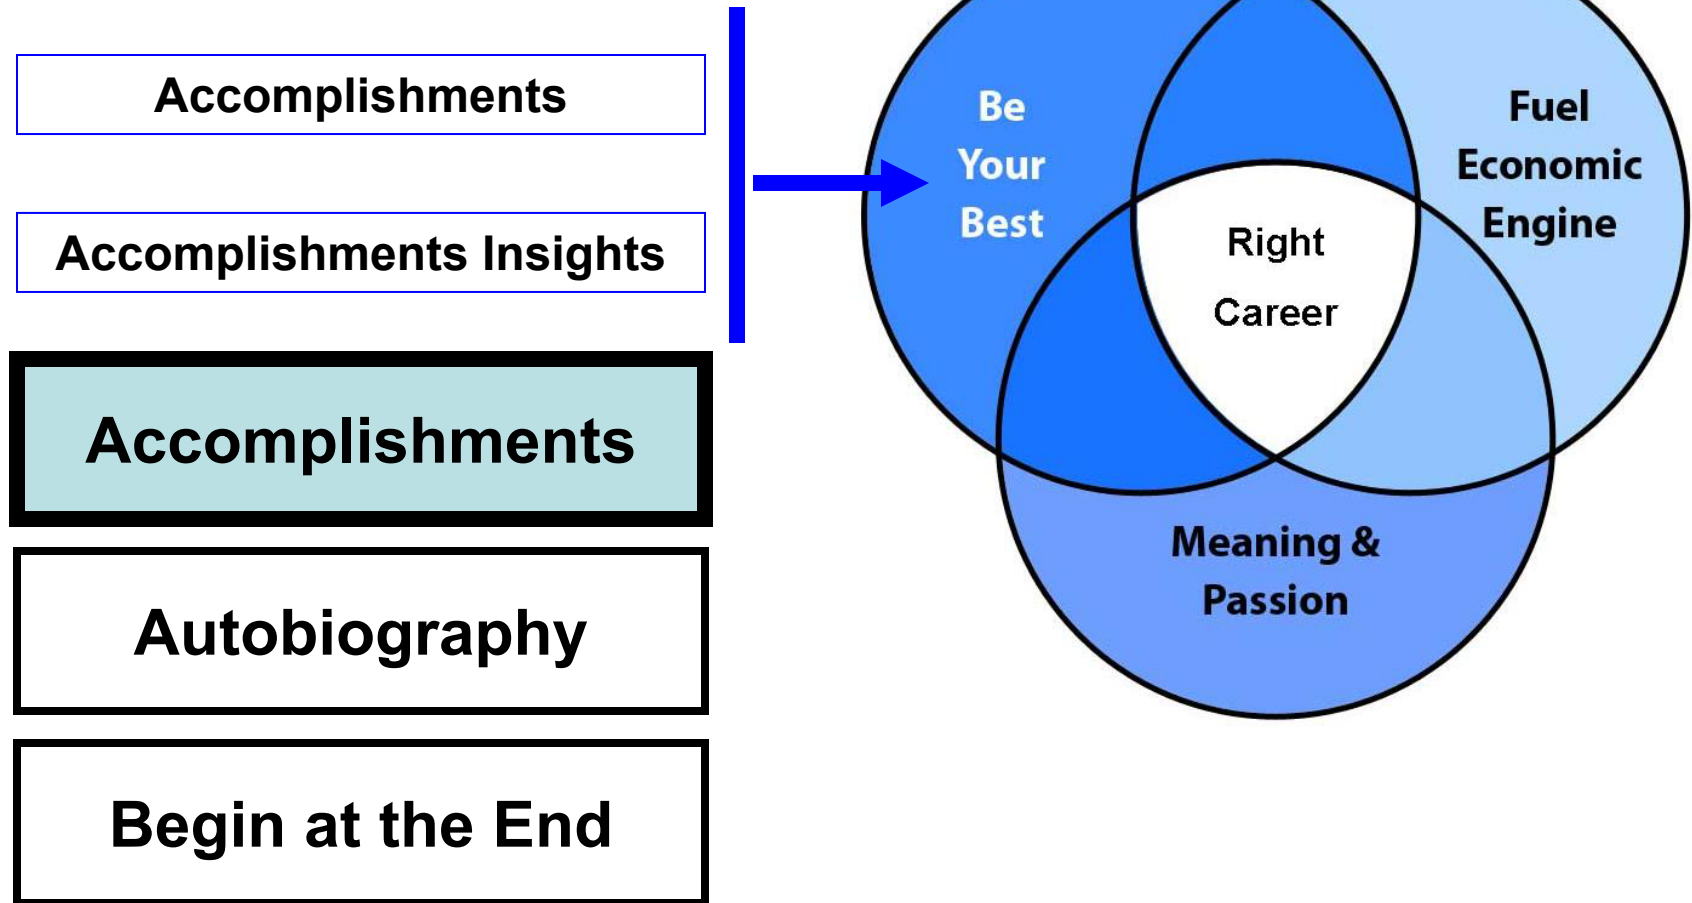

Really Liked Insights, e.g. Leadership

- High School: People chose me or gave me leadership positions
- College: I created it, I ran for it or it came with the job

Didn't Like, e.g. being apprentice electrician

- Half Empty: not practical, would be average, compared to my dad
- Half Full: learned about running a business, learned trade

4 - Add to Your MyRC Insights

4 - Add to Your MyRC Insights

Natural Strengths & Personality

- Middle School: **became attracted to writing**
- High School: doing journalism made me see that **I was a natural writer** and I could pursue that as a career.

- Elementary School: made multiple best friends, who I am still friends with today. This shows that **I can maintain friendships over a long period of time**

taking math and science courses, which were really hard for me, but I still graduated with a 3.55 GPA. This shows that **if I work really hard at something I can still do well in life**

Summary

- **Step 1: All Accomplishments**
- **Step 2: Top Accomplishments**
 - **Really Liked**
 - **Didn't Like**
